RO EXAM SUBJECT A.4

QUESTION 1:

You have been called in during a Site Area Emergency (SAE) and are assigned to assist a maintenance crew in the repair of Emergency Feedwater Pump 2P7A. Which emergency group will perform the pre-job brief for this activity?

ANSWER:

Operations Support Center (OSC).

Note to examiner:

The OSC Director is responsible for implementation of rescue/repair and damage control plans. He shall ensure that appropriate rescue/repair and damage control teams are selected, briefed upon the specific objectives of the mission, and that the progress of the teams is tracked.
