SUBJECT: REQUEST FOR WITHHOLDING INFORMATION FROM PUBLIC DISCLOSURE
- PEACH BOTTOM ATOMIC POWER STATION, UNITS 2 AND 3
(TAC NOS. MA9389 AND MA9390)

Dear Mr. Hutton:

By letter dated April 26, 2000, PECO Energy company (PECO) submitted revised Emergency Response Procedures for Peach Bottom Atomic Power Station, Units 2 and 3, and noted that portions of the procedures containing names and telephone numbers were for the U.S. Nuclear Regulatory Commission's (NRC) staff use only and requested that this information be withheld from public disclosure pursuant to Title 10 of the Code of Federal Regulations (10 CFR) Section 2.790. Your April 26, 2000, letter also provided a nonproprietary version of the procedures. A nonproprietary version has been placed in the NRC public document room and added to the Agency-wide Documents Access and Management Systems Publicly Available Records System (ADAMS PARS) Library.

We have reviewed your request in accordance with the requirements and criteria of 10 CFR 2.790 and have determined that the submitted information sought to be withheld contains privacy information. Therefore, the privacy information so identified in your April 26, 2000, submittal will be withheld from public disclosure pursuant to 10 CFR 2.790(a)(6) and Section 103(b) of the Atomic Energy Act of 1954, as amended.

Withholding from public inspection shall not affect the right, if any, of persons properly and directly concerned to inspect the documents. If the need arises, we may send copies of this information to our consultants working in this area. We will, of course, ensure that the consultants have signed the appropriate agreements for handling proprietary information.

If the basis for withholding this information from public inspection should change in the future such that the information could then be made available for public inspection, you should promptly notify the NRC. You also should understand that the NRC may have cause to review
