Subject : NRC Export/Import Licenses Held by Westinghouse and CE

As you know, on April 28, 2000, BNFL, the parent firm of Westinghouse Electric Company LLC (Westinghouse), acquired the worldwide civil nuclear power business of ABB. This acquisition is now known as CE Nuclear Power LLC (CE) and is a wholly-owned subsidiary of Westinghouse Electric Company LLC.

This letter is to clarify the status of the NRC Export/Import Licenses held by Westinghouse and its CE subsidiary, as follows:

- Westinghouse may utilize the NRC Export/Import Licenses held by its wholly-owned subsidiary CE as if the NRC Export/Import Licenses had been granted to Westinghouse.
- Conversely, Westinghouse's wholly-owned subsidiary CE may utilize the NRC Export/Import Licenses held by its parent Westinghouse as if the NRC Export/Import Licenses had been granted to CE.

In sum, please consider Westinghouse Electric Company LLC and CE Nuclear Power LLC as a single entity for NRC Export/Import Licenses purposes, for this is what we have become.

If you have any questions concerning this matter, please contact the undersigned at (412) 374-4754. Thank you for your attention to this letter.

Very truly yours,
