Paul Lohuas
Office of State and Tribal Programs
U. S. Nuclear Regulatory Commission
Washington, DC 20555

Dear Mr. Lohaus:

Per your request, I submit the following information regarding Jerry Matthews, John Flynn, and our planned new hire:

Training courses Jerry Matthews has attended:

MARSSIM	June, 1999
Applied Health Physics Course (5-week course)	March, 2000
Transportation of Radioactive Materials	June, 2000

Training courses Jerry Matthews is expected to attend:

Nuclear Medicine	August, 2000
Inspection Procedures	September, 2000

Training courses John Flynn is expected to attend:

Inspection Procedures	September or November, 2000
Applied Health Physics Course (5-week course)	Spring, 2001? (exact date depends on NRC)
Well Logging Course	May, 2001? (exact date depends on NRC/Texas)

Courses new hire is expected to attend:

Applied Health Physics Course (5-week course)	Spring, 2001? (exact date depends on NRC)
---	---

Note that training for our other staff will continue, for instance Steve Hoggard is expected to attend the Licensing Procedures Course soon, and will probably attend other courses as well. Following completion of the 5-week course, the new hire will undoubtedly attend other courses, but we cannot yet project an exact schedule for him or her.

Sincerely,

Mike Broderick
Environmental Program Manager
