RE: NPDES Permit AR0001392  
Entergy Operations, Inc.  
Arkansas Nuclear One  
1448 S.R. 333  
Russellville, Arkansas 72801

Dear Ms. Carpenter:

On April 3, 2000, Ms. Kim Leigh, Mr. Duane Nertzel and Mr. Michael Prock met with Joe Williford and myself to discuss the operations of Arkansas Nuclear One.

In this meeting a letter was asked to be sent to you regarding the status of the permit and its compliance. A review of our records indicated that NPDES permit No. AR0001392 is currently in good standing and revealed the facility is in compliance with these regulations.

Should you have any questions, feel free to call me at (501) 682-0638.

Sincerely,

A handwritten signature in black ink, appearing to read "Lori A. Hudman", is written over the typed name.
