RE: *Notification of Impact to Cultural Resources From the Proposed Private Fuel Storage Facility on the Reservation of the Skull Valley Band of Goshute Indians*

Dear Mr. Delligatti:

On June 27, 2000, we received your notification and supporting documentation regarding the adverse effect of the referenced project on properties eligible for inclusion in the National Register of Historic Places. Based upon the information you provided and the criteria included in Appendix A of our regulations, "Protection of Historic Properties" (36 CFR Part 800), we do not believe that our participation in the consultation to resolve adverse effects is needed. However, should circumstances change and you determine that our participation is required, please notify us.

Pursuant to 36 CFR 800.6(b)(iv), you will need to file the final Memorandum of Agreement (MOA), developed in consultation with the Utah State Historic Preservation Officer (SHPO), and related documentation at the conclusion of the consultation process. The filing of this MOA with the Council is required in order for the NRC to complete its compliance responsibilities under Section 106 of the National Historic Preservation Act.

Thank you for providing us with your notification of adverse effect. If you have any questions, please contact Alan Stanfill at 303/969/5110 or via eMail at [astanfill@achp.gov](mailto:astanfill@achp.gov).

Sincerely,

Lee Keatinge
