Re: Private Fuel Storage – Docket No. 72-22 – ASLBP No. 97-732-02

To the Secretary of the Commission:

Today, pursuant to the Atomic Safety and Licensing Board's Order of June 12, 2000, Private Fuel Storage ("PFS") is submitting revised testimonies of certain of its witnesses and supporting exhibits for the June 2000 evidentiary hearings in the above referenced proceedings. Some of the testimonies and exhibits are being filed as proprietary documents because they contain sensitive, confidential commercial and financial information. Specifically, PFS requests that the NRC treat the revised testimony of Joseph F. Gase and George L. Takacs on construction cost estimates, the revised testimony of John Parkyn on construction cost estimates, the revised testimony of John Parkyn on property insurance, the revised testimony of Hanson Pickerl on property insurance, and PFS Exhibits D, E and F as confidential under 10 C.F.R. § 2.790, for the reasons set forth in the affidavit of John D. Parkyn dated May 15, 2000, which was filed in conjunction with PFS's original testimony on May 15, 2000. Accordingly, these documents are clearly marked as proprietary. (In the original testimony and exhibits filed May 15, 2000, PFS Exhibits D and E were identified as Exhibits B and C respectively and referred to in the May 15 Parkyn Affidavit as such; Exhibit F had been an attachment to property insurance testimonies of Hanson Pickerl and John Parkyn.)

If you have any questions, please contact me at (202) 663-8304.

Sincerely,

Paul A. Gaukler
