Gentlemen:

Subject: Saxton Nuclear Experimental Corporation Facility (SNEC)
Operating License No. DPR-4
Docket No. 50-146
Technical Specification Change Request No. 60

On April 10, 2000, GPU Nuclear submitted Technical Specification Change Request No. 60 to reflect the organizational and administrative controls that will exist following the sale of the Oyster Creek Nuclear Generating Station. GPU Nuclear requested NRC review and approve this TSCR with an effective date fifteen (15) days after transfer of the Oyster Creek License to AmerGen.

Based on a revised Oyster Creek sale date, GPU Nuclear requests the effective date be revised to within fifteen (15) days after transfer of the Oyster Creek License to AmerGen.

If you have any questions or require additional information regarding this change, please contact Mr. James Byrne at (717) 948-8461.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Arthur H. Rone'.
