RE: Vermont Yankee Nuclear Power Corp. and AmerGen Vermont LLC, Vermont Yankee Nuclear Power Station, Docket No. 50-271 (License Transfer).

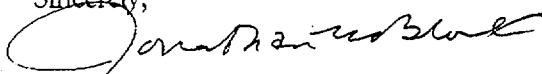

Dear Ms. Vietti-Cook:

The Commission's Order (July 24, 2000) in the above referenced matter directed the Applicants to make an immediate filing on the status of license transfer-related proceedings before the Vermont Public Service Board, Federal Energy Regulatory Commission, any other governmental agency, and the AmerGen request to the Internal Revenue Service regarding the tax consequences of acquiring the decommissioning trust funds for Vermont Yankee and other facilities.

The Applicants filed a response on July 28, 2000. The final paragraph of that response was not requested in the Order, nor is it permitted under the Commission's rules. *See generally* 10 C.F.R. 2.1327. Applicants are illegally using response to the Order to again motion the Commission in opposition to CAN's properly filed request for Stay of the license transfer, to which matter Applicants already exercised their single right of reply under the rules.

CAN requests the Commission to consider this letter a Motion to Strike the final paragraph of the Applicant's filing of July 28, 2000, in so far as it contains another opposition to CAN's lawfully requested stay under the Commission's rules governing Subpart M proceedings. *Id*

Sincerely,

Jonathan M. Block
