Dear Mr. Fouch:

I am responding to your June 27, 2000, letter in which you requested exemption from the FY 2000 annual fee requirements of 10 CFR Part 171.15 for the U.S. Geological Survey's (USGS) research reactor in Denver. The bases for the exemption are unchanged from those provided in previous years and USGS continues to meet the exemption criteria specified in 10 CFR 171.11(a)(2).

The final rule which became effective August 11, 2000, grants exemption from the FY 2000 annual fee for the U.S. Geological Survey's research reactor in Denver. For subsequent years, you must continue to certify that you meet the exemption criteria specified in 10 CFR 171.11(a)(2).

Please be advised that Jesse L. Funches is currently the Chief Financial Officer for the Nuclear Regulatory Commission.

Sincerely,

R/A Signed by Anthony C. Rossi for JT
