MINNESOTA, OKLAHOMA, PENNSYLVANIA, WISCONSIN

**PROGRAM MANAGEMENT INFORMATION: TECHNICAL CONFERENCING FORUM -
REQUEST FOR COMMENTS ON DRAFT TEMPORARY INSTRUCTION, "INSPECTION OF
EXPOSURE MONITORING, ESTIMATING, RECORDING AND REPORTING" (STP-00-068)**

The U.S. Nuclear Regulatory Commission (NRC) is proposing to issue a Temporary Instruction (TI) on inspection of exposure monitoring, estimating, recording and reporting. This effort was undertaken due to recent events involving overexposures as a result of improper handling of Radiopharmaceuticals.

The draft TI, "Inspection of Exposure Monitoring, Estimating, Recording and Reporting," which is undergoing NRC office review and comment has been uploaded to the Technical Conferencing Forum (TCF). Because of the nature and type of overexposures, we would like to issue this TI as promptly as possible. We would appreciate your review and comment on this draft TI no later than one week from the date of receipt of this document. We recognize that the relatively short review and comment time may not be convenient for you. However, due to the tight schedule, in parallel with your review, NRC offices have about the same amount of time to review and comment on this draft TI. The TCF can only be accessed by the Agreement States having a unique user name and password, which was last updated via All Agreement States letter SP-99-027. Please provide any comments on the draft TI directly to Ms. Charleen Raddatz, Division of Industrial and Medical Nuclear Safety, Office of Nuclear Materials Safety and Safeguards at: 301-415-7231 or by Internet at: CTR@NRC.GOV with a copy to the point of contact listed below.

Due to its pre-decisional nature, this document is exempt from public disclosure under NRC rules. We request that you limit distribution to your staff and not release the document publicly. If the document is released, please inform me or the individual named below within 24 hours. The draft TI can be accessed through the TCF subsystem at <http://techconf.inl.gov/cgi-states/topics>, using your appropriate user name and password.

Thank you for your attention to this matter. If you have any questions regarding this correspondence, please contact me or the individual named below.

POINT OF CONTACT:	Lloyd A. Bolling	Internet:	LAB@NRC.GOV
