Group Response Request for Public Comments on Draft
Final Technical Study of Spent Fuel Pool Accident Risk
at Decommissioning Nuclear Power Plants, Notice
(MUHP-4018)"

The reference letter transmitted the Westinghouse Owners Group (WOG) comments on the
Draft Final Technical Study of Spent Fuel Pool Accident Risk at Decommissioning Nuclear

"Westinghouse Proprietary Class 2C" designation. The WOG comments are NOT
proprietary and should not have contained this designation.

By this letter, Westinghouse is notifying the NRC that the comments are not proprietary
and may be released to the public. If you have any questions on this please call me at 412-
