TO: Hope Creek UFSAR Copy Holders

FROM: R. B. Donges - Licensing and Regulation *Ralph Donges*

SUBJECT: **APPROVED / PENDING CHANGE NOTICES - HOPE CREEK UFSAR**

DATE: August 15, 2000

REF: LR-I000321

Revision 10 to the Hope Creek UFSAR was issued on 9/30/99.

Two lists are attached. The first is a list of changed pages approved for incorporation into the next revision of the Hope Creek UFSAR (revision 11 is scheduled for distribution by November 24, 2000). Although these changes are part of the UFSAR, they are not currently reflected in the main body text of either the printed (hardcopy) version or electronic UFSAR copies. They are however, available for review both in DCRMS as Active Change Notices, and also on the onsite M: Drive as Unincorporated Approved HCNs.

The second list identifies changes pending approval for the Hope Creek UFSAR. These changes are in a pending status because either the DCP has not been installed, preparation or approval of the change notice is not complete, or Licensing review has not been completed. This list is not a complete list of all pending changes because there may be issued-for-installation DCPs with UFSAR changes that are not numbered or known by Licensing. Note that non-DCP-related UFSAR changes may be utilized as soon as the safety evaluation has been SORC-approved or the applicability review fully approved.

Please replace the current memo and lists in the front of your copy of UFSAR Volume 1 with this memo and lists. These lists should be consulted when reviewing the UFSAR during the process of writing 50.59 Safety Evaluations.

If you have any questions, please contact me on extension 1640.
