Dear Dr. Rokke:

This is a followup to my letter to you dated August 4, 2000. I asked you to contact Mr. Roberto J. Torres (301-415-8112) of my staff as soon as possible to schedule a presentation regarding your safety concerns surrounding the use of depleted uranium munitions by the U.S. Department of Defense. I also stated that if you were unable to schedule a presentation within a reasonable period of time, we would proceed to review your concerns without a presentation. We have not heard from you since our initial telephone conversation on July 25, 2000, during which I asked you to call us weekly regarding this matter. Therefore, we are proceeding to evaluate your email submittal dated June 1, 2000, without a presentation from you. You will be notified of the results of our review.

Sincerely,

/RA/
