In the Matter of
Private Fuel Storage L.L.C.
(Independent Spent Fuel Storage Installation)
Docket No. 72-22-ISFSI

Dear Administrative Judges:

An error appears in the "NRC Staff's Motion for Extension of Time to File Response to 'State of Utah's Request for Admission of Late-Filed Contentions Utah LL Through OO'" which was filed earlier today. On page 2 of that document, Paragraph 5 should be corrected to read as follows (the correction is underlined):

5. Staff Counsel has contacted Counsel for the Applicant and Counsel for the State. Neither of those parties objects to the Staff's request for an extension of time, although Counsel for the Applicant requests that it be afforded a similar extension of time to file its response to these contentions, due to previously scheduled travel plans. The Staff does not oppose the Applicant's request for a similar extension of time; Counsel for the State has indicated that she neither opposes nor supports the Applicant's request."

I regret this error, and apologize for any inconvenience it may have caused.

Sincerely,
