Subject: Nuclear Waste Dump in Utah

65 FR 39206  
June 23, 2000

(80) 72-22

Scott,

I am a homeowner in Spanish Fork, Utah. My home is located very close to the train tracks that will be moving the nuclear waste from the East Coast. I am absolutely opposed to nuclear waste being shipped through my neighborhood to the proposed destination in Skull Valley. The following are two major concerns: 1) The dangers posed by transporting large amounts of nuclear waste, 2) The market values of homes in the area will dramatically decrease.

I have many neighbors, co-workers, friends, and family who are opposed to the waste dump. Please take my comments into consideration, when making the decision to place a nuclear waste dump in Utah.

Sincerely,

David Harman, JR
