Subject: Nuclear Waste Proposal in Skull Valley

Dear Sirs:

I have attended several meetings concerning the proposed storage of high level radioactive waste on the Goshute Tribal Reservation in the Skull Valley west of Salt Lake City, Utah. I am vehemently opposed to this proposal. The residents of Utah should not be expected to be responsible for nuclear waste that we did not generate. If this deadly waste can be so safely transported then it can safely stay where it is.

I ask that the comment deadline be extended so that more public hearings can be held here as well as in the cities along the proposed transportation routes.

Sincerely Yours,
Jeri Peratis
Salt Lake City, UT
