Comments: Dear NRC,

I am writing to express my OPPOSITION to the Skull Valley nuclear waste facility. I am a teacher and a future mother. I attended the meeting on July 27 and heard both sides of the story. Please leave the nuclear waste in the states that have the nuclear reactor. DO not send it to Utah. It will endanger our health, our environment and our quality of life. If this is such a great idea, then keep the nuclear waste where it is generated. Do not try to go around the "system" by preying on sovereign indian nations with differing standards of regulation.
