Comments: Please do not bring any nuclear waste into our beautiful state. There have already been many more cases of cancer and other serious illnesses due to all the chemical weapons incinerations in the area. Please protect our future, and the future generations that will want to share in the beauty that Utah has to offer. Please do not cause damage to the areas of Utah that are the most fragile, and the most beautiful.

Please leave something nice for our children to enjoy without the fear of illness and possible death.

Thank you.
