Comments:

I do not know where to begin...so let Me just say that this is a violation of several basic rights. First and foremost, the people of Utah (including the goshutes) should be allowed to vote on this initiative. Second...it would seem to me a mathematical certainty that at least one of those shipments will have some form of accident resulting in a spill. Number of shipments x number of years etc. Would any of you like this to happen ANYWHERE near your homes ?!! So count me as a STRONG vote AGAINST the proposed "mobile chernobyl". And keep this shit out of our state. Please... Thank you.

Sincerely,

Christopher J. Dalton.
