Comments: Please don't send any more nuclear waste to Utah. We live in SLC "downwind" from the Toole weapons incinerator and don't want anymore exposure to harmful nuclear material in our environment.

We also share the disbelief that an Indian Reservation is being considered for this site - haven't we destroyed the lives of Native Americans enough? The waste is being generated from the east coast - let the states store it who are generating it.

Yours sincerely,

Heidi and Chester Ward
