RE: Comments on the Draft Environmental Impact Statement
for the Construction and Operation of an
on the Reservation of the Skull Valley Band of Goshute Indians
and the Related Transportation Facility in Tooele County, Utah.
NUREG-1714. Docket No. 72-22.

Dear Mr. Meyer:

As we discussed today, the State of Utah prepared comments on the Draft Environmental Impact Statement for the Construction and Operation of an on the Reservation of the Skull Valley Band of Goshute Indians and the Related Transportation Facility in Tooele County, Utah, NUREG-1714. As you know, the State delivered the comments to Chairman Richard Meserve today and intended to also include you in today's deadline for comments. However, only the copy to Chairman Meserve was actually sent by express mail yesterday. I confirmed with Chairman Meserve's office that the comments were in fact received. Please note that part of the comments contain information claimed proprietary by Private Fuel Storage. The portion of the State's comments containing this proprietary information was placed inside a sealed envelope in the package addressed to Chairman Meserve.

Also, during our conversation, you confirmed that, because Chairman Meserve received the State of Utah's comments today, you will accept and docket the comments as received today. A hard copy of the State's comments will be express mailed to you for receipt tomorrow. In addition, the comments will be e-mailed today to you and to Scott Flanders. Please contact me if you have any questions at 801-366-0523.

Sincerely,
Connie S. Nakahara
