SUBJECT: GENERAL INTEREST IN A SEMINAR FOR PORTABLE GAUGE USERS

Dear Licensee:

I am writing this letter to solicit your interest in another seminar for portable gauge licensees, focusing on information relevant to your current radiation safety program and applicable NRC regulations. You may recall that earlier in 2000, the Region III office hosted a series of four seminars for portable gauge licensees. These seminars were well received by most of you, and many of you requested a repeat session. After careful consideration, I am pleased to inform you that my staff is planning another seminar for early 2001.

Attached, please find a questionnaire and a postage-paid return envelope. By completing the questionnaire, you will help us determine whether a seminar is necessary, the content of the seminar, and an appropriate location. We need your reply by January 12, 2001. Thank you for your input, and we look forward to your response. If you have any questions, please contact Deborah A. Piskura at (630) 829-9867.

Sincerely,

*/RA/*

Cynthia D. Pederson, Director  
Division of Nuclear Materials Safety
