Attention: Document Control Desk

SUBJECT: Grand Gulf Nuclear Station
Docket No. 50-416
License No. NPF-29
Confirmation of Extension for Licensee Event Report Submittal

GNRO-2000/00099

Ladies and Gentlemen:

On December 9, 2000, Grand Gulf Nuclear Station (GGNS) made a one-hour Emergency Notification System (ENS) call-in for a 10 CFR 50, Appendix R Fire Barrier deficiency (Event Number 37584).

This letter provides the requested follow-up confirmation to the verbal concurrence of Mr. Joseph Tapia, NRC region IV for extending submittal of the required Licensee Event Report (LER) by 2 weeks, from the required due date of January 8, 2001 to January 22, 2001. This additional time minimizes the impact on our staff for preparation of the LER and supporting documentation during the Christmas holidays.

A handwritten signature in black ink, appearing to read "J. Roberts".

Yours truly,

JCR/CEB:ceb
