NRC

01 JAN 22 A8:59

Dear People:

OFFICE OF SECRETARY  
RULEMAKINGS AND  
ADJUDICATIONS STAFF

I am adamantly opposed to the possibility that you will legalize the release of radioactive materials from licensed, regulated control into raw materials, building supplies and items to which we come into daily contact.

This would be a terrible assault on the health of each of us.

Sincerely,

*Linda DeStefano*  
(Ms.) Linda DeStefano

c: Gov. George W. Bush
