Tooee, Utah 84074

Mr. Topham:

Thank you for the use of the Tooee High School Auditorium on April 29, 1999, to facilitate the U.S. Nuclear Regulatory Commission, U.S. Bureau of Land Management, and U.S. Bureau of Indian Affairs' public scoping meeting on the proposed independent spent fuel storage installation at the Reservation of the Skull Valley Band of Goshute Indians. We greatly appreciate your efforts in arranging the logistics of the meeting and the assistance of those individuals who set up the auditorium and operated the audio/visual equipment during the meeting. Mr. Jody Ellsworth, Ms. Aspen Anderson, and Mr. Travis Metzler were very cordial, knowledgeable, and willing to accommodate us in any way possible. Their efforts were truly instrumental in the success of our meeting.

Sincerely,
