Application Amendment No. 7, dated September 21, 1999

Amendment #7 to the Private Fuel Storage Facility (PFSF) Safety Analysis Report (SAR) (submitted by the referenced letter) incorporated a new page 8.2-48, but did not reflect this by revising the numbering of the following pages, resulting in omission of information. The enclosed errata pages to PFSF License Application Amendment #7 corrects the problem. A copy of this letter is being sent to all persons on the PFSF License Application distribution.
