Dear Mr. Lee,

Further to your letter of December 6, 2000 to Mr. Bruce Glick, Division Manager eV PRODUCTS, and our e-mail communication at the end of December, 2000, regarding the evaluation request for the CPC-48 gauge, we would formally request a further extension of the deadline for our response. We request a new deadline of February 28, 2001, by which time we anticipate being in a position to respond fully to all of the points you raised.

We request this extension in order to be in a position to answer all of your points in the most complete manner possible. If, however, you would prefer us to respond partially, to those points to which we have a full response, then please let me know asap so that I can arrange to send you the information.

I look forward to your response and apologize for the necessity of this delay in the process.

Thank you and best regards

Kevin B. Parnham
Staff Physicist
