Mr. James Mallay, Chair
ANS Standards Steering Committee
555 N. Kensington
La Grange Park, IL 60526-5592

Dear Mr. Mallay:

I would like to nominate Mr. J. Randall Hall to replace Mr. Eric J. Leeds as the authorized Nuclear Regulatory Commission (NRC) representative on the ANS 57.07, "Design of Independent Spent Fuel Storage Installations," and ANS 57.09, "Dry Independent Spent Fuel Storage Installations," Working Groups. Mr. Hall is a Senior Project Manager in the Spent Fuel Project Office and is responsible for managing the certification reviews for interim storage and transportation casks as well as the licensing reviews for Independent Spent Fuel Storage Installations.

In accordance with the Office of Management and Budget Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities," February 19, 1998, the participation on a committee of an NRC-authorized representative does not connote agency agreement with, or endorsement of, decisions reached by the committee, or of standards approved and published as a result of the committee's efforts. Agency representatives participating on standards developing groups will, to the extent possible, ascertain the views of the agency on matters of interest and will express views that are consistent with established agency views.

Correspondence should be addressed to:

U.S. Nuclear Regulatory Commission
ATTN: Mr. J. Randall Hall
MS O13D-13
Washington, DC 20555

Voice message: (301) 415-1336
Fax: (301) 415-8555
Email: JRH@nrc.gov

Thank you, for providing NRC with the opportunity to participate in the work of your committee.

Sincerely,

/RA/
