

U.S. NUCLEAR REGULATORY COMMISSION		Conversation Date: 2/8/01	
TELEPHONE CONVERSATION RECORD		Time: 9:30 am	
Mail Control No.: 129177	License No.: 29-00139-02	Docket No.: 030-05222	
Licensee/Applicant Participant(s): Michael Vala	Organization: Bristol Myers-Squibb	Telephone No.: 732-519-2987	
Person(s) Calling: Duncan White			
Subject: Amendment Request dated January 17, 2001			
<p>Summary:</p> <ol style="list-style-type: none"> 1. Mr. Vala agreed that a license condition will be added to the above mentioned license requiring a revised DFP be submitted by June 1, 2001 to incorporate costs for the Hopewell facility. This will refine the cost estimation provided in a August 29, 1997 letter submitted as part of the renewal for the Hopewell facility and update the 1994 version of the DFP for the entire license. 2. Mr. Vala indicated that Squibb plans to decommission Building 81 (waste storage facility) at New Brunswick in the next few months and convert to other use. The licensee will submit appropriate notification and closeout surveys in the near future. 			
Action Required/Taken: Amend license with DFP condition
