

The diagram illustrates a three-lane highway cross-section. It features a central lane with a dashed centerline and two outer lanes with solid edge lines. Dimensions and labels include:

- EDGE OF JEEP TRAIL ROADWAY**: Points to the outer edge lines.
- FOR ROADWAY MODIFICATION SEE TYPICAL SECTION**: Points to the central lane area.
- NOTE 1**: Points to the central lane area.
- T-0"**: Dimension lines indicating the width of the outer lanes.
- LIMIT OF PERPENDICULAR CROSSING**: Points to the edge lines.
- LIMIT OF NON-PERPENDICULAR CROSSING**: Points to the edge lines.
