FROM: David L. Meyer, Chief *W-L Meyer*

SUBJECT: OFFICE REVIEW AND CONCURRENCE OF FINAL RULE,  
"REQUIREMENTS FOR CERTAIN GENERALLY LICENSED  
INDUSTRIAL DEVICES CONTAINING BYPRODUCT MATERIAL"  
(PARTS 30, 31, 32, 170 AND 171) (RIN AG03)

The Rules and Directives Branch has reviewed and concurs, subject to our markup, on the rulemaking package concerning requirements for certain generally licensed industrial devices containing byproduct material. We reviewed an earlier version of the rulemaking package and forwarded it to you on April 18, 2000. Those changes are marked on the attached notice.

A Regulatory History must be created for this final rule once it has been published in the Federal Register. The Regulatory History should be created in ADAMS. In the profile of each document related to the Regulatory History, use the Regulation Identifier Number (RIN) as the Case/Reference Number (RIN-AG03). This will make it easier to combine all the documents into a package under ADAMS once the final rule has been published.

If you have any questions concerning this matter, please have a member of your staff contact Betty K. Golden, 415-6863 (BKG2), or myself, 415-7162 (DLM1).
