SOURCE MATERIAL LICENSE

License No. C-3485

Dated: April 11, 1956

Revised: May 2, 1956

Jessop Steel Company
Washington, Pennsylvania

Attention: Mr. Frank B. Rackley, President

Gentlemen:

Pursuant to the Atomic Energy Act of 1954 and Section 40.21 of the Code of Federal Regulations, Title 10 - Atomic Energy, Chapter 1, Part 40 - Control of Source Material, you are hereby licensed to receive possession of and/or title to unlimited quantities of thorium metal for forging, roll cogging, finish rolling and cutting as described in your application of April 24, 1956.

You are further licensed to transfer and deliver possession of and/or title to thorium metal to any person licensed by the Commission to receive such material within the limits of his license.

This license is subject to all applicable rules, regulations and orders of the Commission. It is also subject to the provisions of the Commission's proposed regulations published in the Federal Register July 15, 1955 (10 CFR 20) until such time as said proposed regulations or revisions thereof shall become effective regulations of the Commission.

Neither this license nor any right under this license shall be assigned or otherwise transferred in violation of the provisions of the Atomic Energy Act of 1954.

This license shall expire April 30, 1958. ✓
