- (2) Nuclear Energy Institute letter, "Public Comments on Draft Regulatory
Guide DG-1096, 'Transient and Accident Analysis Methods,' and Draft
Standard Review Plan Section 15.0.2, 'Review of Analytical Computer
Codes,'" dated February 15, 2001

Exelon Generation Company (EGC), LLC (Exelon), appreciates the opportunity to comment on the NRCs proposed framework for the development and review of evaluation models that may be used to analyze reactor transient and accident behavior. This letter provides Exelon's comments in response to Reference 1. Exelon has been actively involved with the Nuclear Energy Institute (NEI) on this issue and fully endorses the industry comments submitted by the NEI in Reference 2.

If you have any questions or require additional information please contact me at (630)663-7330.

Respectfully,

R. M. Krich
