

March 3, 2001

Mr. Ted C. Feigenbaum
Executive Vice President and Chief Nuclear Officer
Seabrook Station
North Atlantic Energy Service Corporation
c/o Mr. James M. Peschel
P.O. Box 300
Seabrook, NH 03874

SUBJECT: FEDERAL EMERGENCY MANAGEMENT AGENCY (FEMA) REPORT FOR
THE SEPTEMBER 27, 2000, WENTWORTH-DOUGLAS HOSPITAL MS-1
DRILL AND THE OCTOBER 1, 2000, MASCONOMET RECEPTION CENTER
DRILL

Dear Mr. Feigenbaum:

Enclosed is a letter from Kenneth L. Horak, Acting Regional Director, FEMA Region I, dated February 14, 2001, transmitting the FEMA report for the subject drills to Mr. Hubert J. Miller, Regional Director, NRC Region I.

There were no Deficiencies identified during the drills. No Areas Requiring Corrective Action (ARCAs) were identified during the MS-1 drill, however, one new ARCA was identified and one previously identified ARCA was unresolved at the reception center drill. The new ARCA was resolved with a re-demonstration held on January 20, 2001. Please provide assistance to offsite officials as they address the unresolved ARCA on a timely basis.

If you have any questions concerning this enclosure, please contact David Silk at (610) 337-5372.

Sincerely,

/RA/

Richard J. Conte, Chief
Operational Safety Branch
Division of Reactor Safety
