I would like to request copies of the following documents under the FOIA:

- Memorandum dated 2/28/96 from the EDO to Commissioners (approx. subject: Consolidation of HLW-activities in NMSS)
- Memorandum dated 4/9/96 from the EDO to Commissioner Rogers(same subject as previous memorandum.)

These documents were referenced in SECY 97-220 - Implementation of DSI 22 Research

On 01-02-01 I requested these documents from the NRC PDR and they could not be found in their data base, according to Kathleen Ruhlman.

Please let me know how soon this request can be accomodated and the approximate cost.

Thank you
