Re: **FOIA for State-Owned Portion of the Hartley & Hartley Landfill**

Dear Ms. Reed:

This request is a follow up to the request that I made to you on June 28, 2000. I hereby request in accordance with the Freedom of Information Act (5 U.S.C. § 552, 40 C.F.R. Part 2) disclosure from the United States Nuclear Regulatory Commission of the following material: all documents, correspondence, records of communications, e-mails, reports and/or submittals, any minutes of any meetings, any internal memoranda that are not privileged, and any correspondence with any entity regarding the Hartley & Hartley Landfill state-owned portion from 1995 to the present.

This request is intended to be more broad than my previous request. As I noted in my previous letter to you which I enclose for your reference, we continue to have a very sincere interest in the next door site and would like to obtain all information in your files regarding that site. Thus, unlike my previous request, this is not limited to correspondence.

We are not asking, however, for technical documents submitted by the State of Michigan to the NRC.

I agree to pay any reasonable charges incurred while proceeding with this request, including search time and copying charges. As with my last letter, if it looks as if the charges will exceed \$300, please call me at (414) 277-5527 to obtain further authorization. I thank you again for your cooperation and attention to this request. As

with the last request, I will be copying the people who are located in the Illinois office who have previously handled the state-owned portion of the Hartley & Hartley site, including Mr. Kulzer.

Sincerely,

QUARLES & BRADY LLP
