Dear Mr. Shea:

In response to a request from the Office of Management and Budget, enclosed is a copy of the U.S. Nuclear Regulatory Commission's audited financial statements for FY 2000. These statements were prepared pursuant to the requirements of the Chief Financial Officers Act of 1990. For the seventh consecutive year, the agency has received an unqualified opinion on its principal statements which demonstrates the agency's commitment to using sound fiscal management to accomplish the agency's critical mission.

Sincerely,
