Report for Period of July 1, 2000 through December 31, 2000

TEST RESULTS

WCNOC Employees

No WCNOC employees tested positive during this period.

Contractors

Three outage contractors tested positive for marijuana and one tested positive for alcohol during pre-access testing. The contractors that tested positive for marijuana were denied access. The contractor that tested positive for alcohol was granted unescorted access and placed in a follow-up program after regulatory and procedural requirements were met.

A contractor that was placed in WCNOC's follow-up program due to historical Fitness-For-Duty concerns, tested positive for alcohol on a follow-up screening. This individual's unescorted access was revoked and the individual was terminated.

Fitness-For-Duty Program Changes

To facilitate a request from the Certified Testing Laboratory, WCNOC is now performing split samples. This involves splitting the sample into two bottles. This change occurred during this report period.
