Dear Kathy:

In response to your January 26, 2001 letter, the CRCPD Board of Directors agrees that a meeting between the boards of our two organizations to discuss our future relationship would be highly beneficial. As we discussed on the phone, we can begin our discussions during the next scheduled CRCPD board meeting to be held in conjunction with the 2001 National Conference on Radiation Control in Anchorage, Alaska. The CRCPD board meeting will be held from April 26-28 at the Hotel Captain Cook (conference site) in Anchorage. After talking with Bill Sinclair, it appears the best time for our discussion would be Friday, April 27, 2001 at 3:30 p.m. (Anchorage time). OAS and CRCPD board members can participate in this meeting either in person or via conference call. CRCPD's Office of Executive Director (OED) will provide instructions on how to access this meeting via conference call at least two weeks before the meeting date. Please advise either Pat Gorman or Sue Smith at the OED relative to the names of any other OAS Board member(s) who will be participating in the conference call at least three weeks prior to the meeting.

Please contact me at schmips@dhfs.state.wi.us with any questions or concerns. I look forward to our discussion of this important topic.

Sincerely,

Paul L. Schmidt
