MEMORANDUM

(Transcript of Meeting of Connecticut Nuclear Energy Advisory Committee)

As part of its review of CCAM/CAM's Motion for Reconsideration of LBP-01-01, the Licensing Board requested a copy of, and acquired, an audio tape of the transcript of the January 4, 2001 meeting of the Connecticut Nuclear Energy Advisory Committee, Subcommittee on Decommissioning, upon which CCAM/CAM has placed some reliance in their reconsideration motion. The transcript was derived from an audio tape provided by the Connecticut Committee and hence may differ in some respects from the videotape relied on by CCAM/CAM in its Motion (copies of which were distributed to the Board and all parties). We have placed the audio-tape version of the transcript in NRC's ADAMS system, where it can be obtained by the public under accession numbers

ML 010670342 (text (PDF) version) or ML 010720489 (Image Version). The text version is currently publicly available. The Image Version was declared an official agency record today, March 19, 2001, and is scheduled to become publicly available on Tuesday, March 20, 2001.

The Licensing Board will reach its decision on CCAM/CAM's motion in the near future.

Licensing Board
