Interview of Robert Bruce Rieber  
System Eng Nov 4 1995

probably at Meeting because  
part of group in attendance

Doesn't recall getting the impression  
told not to write PED

& felt Capable to do so.

people would have spoken  
out against such a statement.

No understanding of strategy  
such as PEDs

Atmosphere exists

May have been asked to work  
a little closer at the time  
to make sure a problem exists
