Donald C. Cook Nuclear Plant Units 1 and 2  
NOTIFICATION OF EXTENSION OF A COMMITMENT DUE DATE

Reference: Letter from R. P. Powers (I&M) to U. S. Nuclear Regulatory Commission Document Control Desk, "Donald C. Cook Nuclear Plant Units 1 and 2, Physical Security Plan, Revision 0," submittal C1000-01, dated October 16, 2000.

In the referenced letter, Indiana Michigan Power Company (I&M) committed to complete the following action by March 31, 2001.

"I&M will separate Appendix B, Training & Qualifications Plan, and Appendix C, Contingency Plan, from the security plan and resubmit them as independent documents."

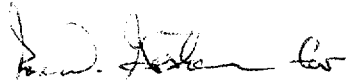

The purpose of this letter is to notify the Nuclear Regulatory Commission (NRC) that the due date of this commitment is extended until May 15, 2001.

The documents required by the commitment have been prepared; however, due to the significance of the changes, additional reviews are required. I&M is extending the due date to ensure adequate time is available to resolve any issues that may arise from these reviews.
