ASLBP No. 00-771-01-LA

Administrative Judges:

By Order Approving Transfer of Licenses and Conforming Amendments dated March 9, 2001, the U.S. Nuclear Regulatory Commission consented to the transfer of Millstone Nuclear Power Station, Unit 3 from Northeast Nuclear Energy Company and the co-licensee selling owners to Dominion Nuclear Connecticut, Inc., an indirectly, wholly-owned subsidiary of Dominion Energy which, in turn, is wholly-owned by Dominion Resources, Inc.¹ The Order was effective upon issuance, subject to the condition that should the transfer of licenses not be completed by March 9, 2002, the Order shall become null and void.

This letter will inform the Licensing Board that the closing of the transaction involving the sale of Millstone Unit 3 was completed on March 31, 2001. As a result, in accordance with the NRC Order, Dominion Nuclear Connecticut, Inc. ("DNC") has become the operating licensee for Millstone Unit 3, acting for itself and on behalf of the owners, in place of Northeast Nuclear Energy Company ("NNECO"). The undersigned continues to represent the licensee, now DNC, in this proceeding. Ms. Lillian Cuoco, who has previously entered an appearance in this case on behalf of NNECO, is now an employee of DNC and represents DNC.

Sincerely,
