Re: Northeast Nuclear Energy Company
(Millstone Nuclear Power Station, Units 2 and 3)
Docket Nos. 50-336-LA and 50-423-LA
ASLBP No. 00-783-09-LA

Administrative Judges:

By Order Approving Transfer of Licenses and Conforming Amendments dated March 9, 2001, the U.S. Nuclear Regulatory Commission consented to the transfer of Millstone Nuclear Power Station, Units 2 and 3 from Northeast Nuclear Energy Company and the co-licensee selling owners to Dominion Nuclear Connecticut, Inc., an indirectly, wholly-owned subsidiary of Dominion Energy which, in turn, is wholly-owned by Dominion Resources, Inc.¹ The Order was effective upon issuance, subject to the condition that should the transfer of licenses not be completed by March 9, 2002, the Order shall become null and void.

¹ Dominion Nuclear Connecticut, Inc. will be the sole owner and operator of Millstone Unit 2 and will hold a 93.4707% ownership interest in Unit 3 and will be the operator on behalf of itself and Central Vermont Public Service Corporation which holds a 1.7303% interest and Massachusetts Municipal Wholesale Electric Company which holds a 4.7990% interest in Unit 3.

Administrative Judges

Page 2

This letter will inform the Licensing Board that the closing of the transaction involving the sale of Millstone Units 2 and 3 was completed on March 31, 2001. As a result, in accordance with the NRC Order, Dominion Nuclear Connecticut, Inc. ("DNC") has become the operating licensee for Millstone Units 2 and 3, acting for itself and on behalf of the owners, in place of Northeast Nuclear Energy Company ("NNECO"). The undersigned continues to represent the licensee, now DNC, in this proceeding. Ms. Lillian Cuoco, who has previously entered an appearance in this case on behalf of NNECO, is now an employee of DNC and represents DNC.

Sincerely,

A handwritten signature in black ink that reads "David A. Repka". The signature is fluid and cursive, with a long horizontal line extending from the end of the name.

David A. Repka
Counsel for Northeast Nuclear Energy Company
and Dominion Nuclear Connecticut, Inc.
