License No. C-3428

Dated: November 30, 1955.

Bausch & Lomb Optical Company
635 St. Paul Street
Rochester, New York

Gentlemen:

Pursuant to the Atomic Energy Act of 1954 and Section 40.21 of the Code of Federal Regulations, Title 10 - Atomic Energy, Chapter 1, Part 40 - Control of Source Material, and in view of the representations made in your application for license, you are hereby authorized:

To receive possession of and title to not more than fifty (50) pounds of refined source material during the term of this license from processors and distributors licensed by the Atomic Energy Commission, for use as an ingredient in optical glass.

(Applications for additional quantities during the term of this license should be filed on form AEC-8, in triplicate. A separate application must be made for each transaction in excess of the quantity here authorized.)

This license shall expire at 12:01 a.m., E.S.T., on December 1, 1956.
