Subject: Fwd: Upcoming ACRS meeting on Decommissioning Risk Report

Dick,

Can you check to see if we have any public comments that we may want to address at the ACRS meeting.

Glenn,

There were some issues the ACRS asked about at the last meeting which RES has provided us with some information. How would you like to address these? Do you want RES to discuss with backup slides if ACRS asks questions or do you want to have RES give responses as part of the planned presentation.
