SUBJECT: SENIOR REACTOR AND REACTOR OPERATOR INITIAL EXAMINATIONS -  
(RETAKE) PEACH BOTTOM ATOMIC POWER STATION

Dear Mr. Kingsley:

In telephone conversations on April 6, 2001, between Mr. J. H. Williams, Examiner/Inspector, and Mr. R. Birley, Manager, Operations Training, arrangements were made for the administration of licensing retake examinations at Peach Bottom Atomic Power Station, during the week of August 13, 2001.

As agreed during the telephone conversation, your staff will prepare the examinations based on the guidelines in Revision 8 of NUREG-1021, "Operator Licensing Examination Standards for Power Reactors." The NRC regional office will discuss with your staff any changes that might be necessary before the examinations are administered.

To meet the above schedule, it will be necessary for your staff to furnish the examination outlines by May 30, 2001. The written examinations and supporting reference materials will be due by June 29, 2001. Pursuant to 10 CFR 55.40(b)(3), an authorized representative of the facility licensee shall approve the outlines and examinations before they are submitted to the NRC for review and approval. All materials should be complete and ready-to-use. Any delay in receiving the required examination and reference materials, or the submittal of inadequate or incomplete materials, may cause the examinations to be rescheduled.

In order to conduct the requested written examinations, it will be necessary for your staff to provide adequate space and accommodations in accordance with ES-402, on the dates noted above.

Appendix E of NUREG-1021 contains a number of NRC policies and guidelines that will be in effect while the written examinations are being administered.

To permit timely NRC review and evaluation, your staff should submit preliminary reactor operator and senior reactor operator license applications (Office of Management and Budget (OMB) approval number 3150-0090), medical certifications (OMB approval number 3150-0024), and waiver requests (if any) (OMB approval number 3150-0090) at least 30 days before the first examination date. If the applications are not received at least 30 days before the examination date, a postponement may be necessary. Signed applications certifying that all training has been completed should be submitted at least 14 days before the first examination date.

Mr. Oliver D. Kingsley
