**Subject:** Revised LOSP-SW quantification

Glenn:

Could you ask INEEL to rerun the LOSP\_SW event tree with the following changes:

HEP-DIAG-SFPLP2 =  $1.0\text{E-}05$  (was  $2.0\text{E-}05$ )

HEP-FW-REP-NODSW =  $1.8\text{E-}02$  (was  $2.5\text{E-}02$ )

Thanks

Gareth
