

UNITED STATES GOVERNMENT

Memorandum

TO : *W. R. Nelson*, Radiation Specialist (Supervisory), Region 1, Division of Compliance DATE: December 9, 1964

FROM : *W. R. Nelson*, Radiation Specialist
Region 1, Division of Compliance

SUBJECT: *W. R. Nelson* RRC EQUIPMENT CORPORATION, NEWTON HIGHLANDS, MASSACHUSETTS
LICENSE NO. 20-6435-1

COLITER

Telephone information obtained from Mr. F. L. Torney, Jr., Radiation Safety Officer this date indicated that the licensee has not procured material under this license since May 1961. License was renewed in April 1964 in the event that use of tritium was reinstituted.

This license is presently classified as "overdue - initial".

Copy of this memorandum to be placed in the USRC files for cross check at next USRC inspection.
